OUR UGC CONTEST TO FIND THE NICEST PLACES IN AMERICA—a town, neighborhood, or community where neighbors are helping each other out and people are doing good. We’ll put out a call for entries and Americans will answer with essays and videos sharing what made their communities an inspiration.

From the nominated communities to the final winning town, our “Nicest Places In America” program is a year-long movement of “nice” that spans across RD.com, as our November cover story, across social media and in the press. What’s nicer than that?

Kick Off: May issue
Winner Reveal: November issue

AS THE ESTABLISHED AUTHORITY on trust, we’ll again team up with global market research company, IPSOS, to survey 4,000 American adults and ask them to name the brands they trust most across 40+ categories.

This year, Trusted Brands will be bigger than ever as we celebrate the country’s most trusted products in two categories that are important to our readers: Health & Wellness and Home & Family. This year-long franchise will put a spotlight on the unsung products that keep millions of Americans living well and that make family life easier, safer, and tastier.

Ad Portal Information
https://www.adshuttle.com/trustedmediabrands
Because the dimensions of the tablet are proportionally similar to those of the print edition, it can be relatively easy to resize the native layout files you use to create print ads. If you choose to do this, please bear in mind that all of the images placed in these files must be of a sufficiently high resolution to remain at 300 dpi when enlarged. For example, a TIFF file placed in the print layout must retain a 300 dpi resolution after the layout is enlarged for the tablet version of your ad. Also, you must proof your ad on screen with the RGB color space applied prior to submitting to ensure that any shift in color is acceptable.

Static Ads
A static Tablet advertisement requires a single file, created with the following specifications:

iPad (Hi Def) Page Dimensions (Trim Size): 1536 pixels (w) x 2048 pixels (h), vertical orientation only

File Resolution: 300 ppi (264 minimum)

File Format: PDF without transparency, all fonts embedded. The PDF/X-1a specification can be used with modification for RGB color space (see below)

Color Space: RGB

Bleed: None

Suggested Margin (for optimum display of ad content):
iPad: 36 pixels

Submission Information
Upload your ad to the Reader’s Digest ad portal: adshuttle.com/trustedmediabrands

- Upload a zipped file of PDFs to Enhanced for Tablet
- Upload a zipped file of JPGs to Designed for Tablet

For interactive ads, please ask your sales representative for more information.
